first published in 1980 routledge is an imprint of taylor francis an informa company

the first c wright mills award winning book delinquency and drift has become a recognized classic in the fields of criminology and social problems in it matza argues persuasively that delinquent thought and delinquent action are distorted reflections of the ideas and practices that pervade contemporary juvenile law and its administration his ideas are as persuasive today as when they were first published twenty five years ago by example and illustration matza argues that the delinquent subculture is based on many of the same standards as the conventional social order and that the delinquent s negation of the law is the result of his relations with an inconsistent and vulnerable legal code once the juvenile breaks his or her ties to the legal order the drift to delinquency becomes relatively easy to justify the author also maintains that being liberated from legal constraint does not necessarily lead to delinquency that event depends on the will to commit crime because delinquency remains one of our most serious social problems it is important to consider matza s thesis that the drift toward delinquency is frequently aided by the unwitting support of society and the guardians of social order

what is delinquency what are the pathways to offending what prevention strategies exist to understand delinquency we need to overcome stereotypical thinking and implicit biases this engaging affordable text explores the impact of gendered racial and class attitudes on decisions to arrest detain adjudicate and place youths in the juvenile justice system shelden and troshynski highlight the social legal and political influences on how the public perceives juveniles they look at the influences of family and schools on delinquency as well as the impact of gender trauma and mental health issues discussions of topics such as the school to prison pipeline disproportionate minority contact and inequality provide a nuanced perspective on delinquency a critical examination of social policies intended to control delinquency and the populations most likely to enter the juvenile justice system the authors also examine the dramatically declining juvenile crime rate and advances in neuroscience that have fostered substantive reforms these alternatives to confinement are replacing the institutions that have repeatedly produced failure with rehabilitative programs that offer hope for a more promising future

extensively revised the second edition blends theory research and applications into a superb overview of the complex issues surrounding juvenile delinquency and societys attempts to address juvenile crime after providing an excellent historical foundation shelden presents the theories essential to understanding crime and delinquency he then explores the system and its effects on juveniles and society including comprehensive coverage of female delinquency the social legal and political

influences on how the public perceives juveniles and the inequality in u s society that affects families communities and schools are highlighted throughout the book the concluding chapter looks at solutions that have worked and identifies trends in treating juvenile delinquency the authors almost four decades of teaching about and researching juveniles and the system make him eminently qualified to offer readers the tools necessary to think critically about delinquency and to evaluate the policies enacted to manage the juveniles who violate the laws delinquency and juvenile justice in american society 2 e provides affordable up to date easily accessible and thorough analysis of a significant topic
