first published in 1999 this groundbreaking volume addresses issues central to the study of prehistoric settlement including group memory the transmission of ideology and the impact of mobility and seasonality on the construction of social identity building on these themes the contributors point to new ways of understanding the relationship between settlement and landscape by replacing capitalist models of spatial relations with more intimate histories of place

discusses advances in society technology and art in the prehistoric world including the invention of tools early neolithic homes and the emergence of prehistoric art and antiquities

presents an introduction to the ice age providing a time line and details about the animals that lived during the time

period

the irish neolithic has been dominated by the study of megalithic tombs but the defining element of irish settlement evidence is the rectangular timber early neolithic house the numbers of which have more than quadrupled in the last ten years the substantial early neolithic timber house was a short lived architectural phenomenon of as little as 90 years perhaps like short lived early neolithic long barrows and causewayed enclosures this book explores the wealth of evidence for settlement and houses throughout the irish neolithic in relation to britain and continental europe more importantly it incorporates the wealth of new and often unpublished evidence from developer led archaeological excavations and large grey literature resources the settlement evidence scattered across the landscape and found as a result of developer funded work provides the social context for the more famous stone monuments that have traditionally shaped our views of the neolithic in ireland it provides the first comprehensive review of the neolithic settlement of ireland which enables a more holistic and meaningful understanding of the irish neolithic

after coming into contact with a piece of the mysterious black stone conan of cimmericia found his body overtaken by vicious specters intent on finding the lost pict blade conan discovered in venarium long ago after performing atrocities throughout the city of shadizar in their search the ancient weapon was found and the specters made their intentions clear to wield conan s might in service to a malevolent being named thulsa doom but conan would be no pawn for their evil and using his steel sent cimmerician soul instead turned the blade on himself intending to take his own life once the blade met his skin conan was struck by a bolt of mystical lightning and was not slain but instead transported to somewhere else

this definitive sourcebook collates seminal articles from this increasingly important field to present a comprehensive and well balanced representation of approaches and interests in a single volume for students lecturers and researchers

full color illustrations provide details on a number of prehistoric creatures from the triassic period sources other than library of congress

iconoclasm or the destruction of images and other symbols is a subject that has significant resonance today traditionally focusing on examples such as those from late antiquity byzantium the protestant reformation and the french revolution iconoclasm implies intentioned attacks that reflect religious or political motivations however the evidence highlights considerable variation in intentionality the types and levels of destruction and the targets attacked such variation has been highlighted in recent iconoclasm scholarship and this has resulted in new theoretical frameworks for its study this book presents the first analysis of iconoclasm for prehistoric periods through an examination of the themes of objects

the human body monuments and landscapes the book demonstrates how the application of the approaches developed within iconoclasm studies can enrich our understanding of earlier periods in addition to identifying specific events that may be categorised as iconoclastic iconoclasm and later prehistory combines approaches from two distinct disciplinary perspectives it presents a new interpretative framework for prehistorians and archaeologists whilst also providing new case studies and significantly extending the period of interest for readers interested in iconoclasm
